

Application for an Equine Passport (EU 2015/262)
for a Donkey belonging to an owner
NOT a member of the Donkey Breed Society

Requirements for completion of the Application for an Equine Passport

The basic details a) and written description b) must now be completed in full. Whorls and markings must be shown on the silhouette diagram. The silhouette page can be completed, by the applicant but must then be signed and stamped by your Veterinary Surgeon to confirm that the written identification matches the donkey and to verify the Microchip reading. Where a new microchip is inserted the bar code strip which accompanies the microchip should be stuck along the boxes below the silhouette; where an existing microchip is detected the reading should be written in clearly, using a black pen.

This application form is designed to allow the Donkey Breed Society to record mandatory data prior to the issue of a passport, and may be used to apply for a passport for donkey of any age, with or without known breeding.

The Personal Data collected will be held securely in electronic and paper forms, on behalf of Defra to fulfil our legal obligation under the Passport Regulation EU 2015/262

The passport must be applied for by the owner of the donkey, which may not be sold until the passport has been issued. After the sale has taken place, the passport must be handed to the new owner who must then complete the transfer form, and return the passport, form and transfer fee to the address below.

NB: Where this application is for a donkey being identified prior to a passport being issued outside the statutory juvenile time limit the passport will be signed out of the Human Food Chain by the DBS Passport Administrator at the time of issue, and the passport marked as a Replacement. The time limit for application being within 6 months of birth or before the 31st December of the year of birth, whichever comes later.
